## FROM THE DESK OF:

### TRIVEECE PENELTON-AICP, NOMA

Triveece Penelton, community planner and member of the Steubenville Choice planning team, is preparing for the fourth People Task Force Meeting. Its focus will be identifying partners who are interested in leading and/or supporting People Projects. The projects will respond to the needs JMHA residents expressed in the survey a few months ago. They will focus on education, jobs, economic development, health, and safety. Triveece understands there is a lot of work to be done and is looking forward to working with the task force to not only identify partners but also prioritize projects into near, medium, and long-term activities.

# Meet Your Ambassador!

## About Knowledge.....

Knowledge Whatley, 23 and a Capricorn, graduated high school in 2019 and is one of our ambassadors on the team. He is always willing to give a helping hand and eager to assist with the projects.

*"I am so excited to be participating in something I find to be truly progressive, like the Choice Neighborhood Project, I am glad to be able to give a younger perspective to the project's activities."*

*"Being an ambassador allows me to be more involved in this community through collaborative efforts and pushes the boundaries of what voices can and can't be heard in certain atmospheres."*

Thank you Knowledge!!
